INFO

1-INNOCERT CERTIFICATION PROGRAMME

1-InnoCERT certification programme is initiated by SME Corp. Malaysia to promote and develop innovative companies in Malaysia as endorsed by the *Jawatankuasa Tindakan Penyelarasan Inovasi Negara* and the National Innovation Council. It is aimed at fostering innovative enterprise through harnessing and intensifying home-grown innovations and R&D.

The main objective of the certification is to encourage entrepreneurs to venture into high technology and innovation-driven industries. With more SMEs participating in such activities, it will eventually lead to them being more competitive and would help in Malaysia achieving its objective in becoming a high income nation by the year 2020.
