## INFO

### Check Your Label (CYL) by SIRIM QAS

Check Your Label (CYL) is to verify whether communication & multimedia, and hybrid product has been certified by SIRIM QAS International, using unique valid IMEI number or product serial number or label serial number. Through CYL, user can also search for product information on any communication product in market regarding model or company responsible for the product. This is because checking the label is important to ensure the genuinity, legality, interoperability, electrical safety, and electromagnetic safety (EMC) of the products. For more info, click [HERE](#).
