## INFO

### SME TRAINING PARTNERS (SMETAP) SCHEME

The Small and Medium Enterprise (SME) Training Partner Scheme is organised by PSMB in collaboration with training provider to offer training program especially to registered employer. Training programme offered under SMETAP included functional and upskilling. The course fee will be debited from employers' levy balances. The objective of SMETAP Scheme is to equip SME employees with the specialised skills in the following scope:

- Specialised training programmes that are not widely available in the market.
- Training programmes in Human Resources Management.
- Training programmes that enhance the skills of internal trainers in conducting in-house training
- Upskilling training programmes
