INFO

#### **DIGITAL FREE TRADE ZONE (DFTZ)**

Digital Free Trade Zone is a key component to Malaysia's national economy and plays a critical role in transforming the country into a high-income nation. It is Malaysia's 2025 vision to facilitate and generate US\$65 billion worth of goods movement for export, import, and transhipment using eCommerce.

The world-class physical and virtual facilities provide integrated logistical support, cross-border solutions, and trade facilitation. The seamless integration of DFTZ into new and existing infrastructures, systems, and processes for trade activities via represents a unique opportunity to enable Malaysian SMEs to expand their business and export globally. For more info, click HERE.
